ABSTRACT

Statistics of public and academic libraries for 1974 from the 1976 Ohio Directory of Libraries are presented in different formats, including rank order. Summary tables are presented of all characteristics alphabetically by county for public libraries and by institution for academic libraries. Counties are ranked by percentage of intangibles tax distributed to libraries. Public libraries are ranked by circulation, volumes added, total volumes, total operating expenses, and staff number. Academic libraries are ranked by enrollment, total volumes, total expenditures for books and library materials, total operating expenses, and total expenditures for salaries. (KP)

* reproducibility are often encountered and this affects the quality *
* of the microfiche and hardcopy reproductions ERIC makes available *
* via the ERIC Document Reproduction Service (EDRS). EDRS is not *

* supplied by EDRS are the best that can be made from the original. *
